Intriguing insulator suitable for eye-catching furniture

€85 + tax

Great décor items! These heavy, stable insulators are popularly used to create novel shelves, coffee tables and stools etc. Very practical thanks to their four drill holes in the square base plate allowing easy installation, how you use them is up to you and your imagination! The insulators are made out of steel painted matt black with a ceramic body.

Dimensions:

37 cm x 15 cm (14.5" x 6")
