**Vintage industrial storage tubes**

€120 + tax

This rare waste bin is made out of compressed cardboard. Sourced in an old East German cotton mill, it was probably made in the 1940s or 1950s. The heavy cardboard has a leather like feel and a waxed patina. We have various sizes and types in stock. Please note that some of the vintage tubes show traces of usage and tears.

**Dimensions:**

Diameter:

30 cm (11.8") - 32 cm (12.6")

Height:

77,5 cm (30.5") - 90 cm (35.4")

**Availability:**

4
