Small solid aluminium pendant
spotlight

€320 + tax

Used as emergency lighting, these lights were suspended from the highest points of factory ceilings, making them very rare and difficult to salvage. They were built in the 1920s and 1930s to a typically simple design influenced by the Bauhaus. The cast aluminium dome and shade are extremely robust and impact-resistant. Although re-polished to a high sheen, note that they still contain traces of wear such as scratches and notches. These pendant spotlights come with a ceramic socket for E27 bulbs.

Please note: You can order your own cord color and length! Please feel free to **contact us**.

Dimensions:

height 20 cm (8") | diameter 29.5 cm (11.6")

Availability:

on request
