**'Giant submarine' industrial lamp |
Powder-coated finish**

€995 + tax

This giant uncle of the popular 'turtle lamp' was used in all kinds of heavy industries like power stations, tank farms and in other buildings containing hazardous materials. Featuring an elaborate splash-proof design, these lamps comprise die-cast aluminium casing fitted with heatproof, pressure-resistant safety glass and a steel protective cage. The fixture takes standard fluorescent tubes.

Body and cage have been cream-powder coated. All RAL colours are possible.

Please note the weight of 45 kg!

Dimensions:

length 145 cm (57") | height 26 cm (10.2")

Availability:

3 on stock, more on request
