Industrial Chic Rolling Console Table

€1.250 + tax

This industrial workbench origins from the former aircraft factory in Birmingham where among others the legendary British airplane „Spitfire“ was produced. A plate on the table refers to „Metal Box Co. Ltd.“ The massive revited angular steel construction moves on four cast iron wheels of which two are rigid.

The metal parts have been sandblasted, brushed and waxed. We also added two hand made oak frames, each with an 8 mm thick recessed glass top, fixed to the metal frame using vintage coach bolts.

The former tool table could now be used for several purposes such as serving trolley, side table, media console aswell as house bar.

Similar tables are available on request. For further information or if you have any questions please do not hesitate to [contact us](#).

Dimensions:

height: 74 cm (29.1")

width: 66 cm (26")

length: 92 cm (36.2")

Availability:

One is in stock. More [on request](#).
