# Industrial side table

€295 + tax

We have assembled this beautiful side table out of a number of fascinating industrial relics. The base is made out of a cast-iron cog and an axle, both remnants of an antique machine.
The glass tabletop rests on an antique flywheel. The glass top is 6mm (1/4″ inch) thick and has been ground at the edge.
Please note that the height of the table can be customized. For further information or if you have any questions please do not hesitate to contact us.
Additional items:
Art print by Sebastian Gögel
Siemens bakelite telephone on request

Dimensions:
height: 43cm (16.9″)
diameter: 40cm (15.7″)
