## Horse skull

€1100 + tax

An old horse skull with an unusually beautiful patina. Although its origin and exact age are unknown, I presume that the skull has been suspended for a number of decades or even centuries in a smoky room. The skull is displayed on an old brass and steel laboratory stand.

#### Dimensions:

height: 30cm (12")

width: 25cm (10")

depth: 62cm (24,5")
